(POLITICAL)

AND STILL THEY COME
Senator Stewart Out
for McKinley.

Believes the Country Should
Hold Philippines.

Gov. Shaw to Appoint a Senator
Bryan's Plans.

IA. P. NIGHT REPORT.
NEW YORK, Aug. 20.—Senator William Stewart of Nevada called at Republican headquarters today and said he would vote for McKinley for President. He made a statement, in part, as follows:

"The United States went to war with Spain, urged on by the Democrats. The popularity of the war was such that Mr. Bryan joined the army. The peace of the world and the peace of the United States agreed to pay \$20,000,000 and accept the sovereignty and public property of Spain in the Philippine archipelago. There was opposition to ratification of the treaty. Mr. Bryan came to Washington and presented his Democratic friends to vote for the treaty, and it was through his influence that the treaty was finally ratified."

It then became the duty of the United States to maintain law and order and protect the lives and property of all Americans in the islands, whether native or foreign-born. The United States at the time of the ratification of the treaty held military possession of Manila, and immediately after such ratification sent troops to the islands. The Pacific Coast, particularly of the Pacific Coast, became entitled to the vast commerce of the Pacific Ocean, which the Philippines furnished the key.

"One Aguilardo had raised a rebellion in Luzon against Spain before the conclusion of the peace with the United States. This adventurer had sold out on settled his rebellion with Spain for \$400,000 before Bryan and others succeeded in getting the bargain with Spain. Aguilardo agreed to leave the islands and never return.

"He took the wily agitator back to the islands, supposing, as a matter of course, that Aguilardo would naturally be an enemy of Spain, and in this Aguilardo was mistaken. Aguilardo, as soon as he landed on his native soil, organized a rebellion against the United States, which he had been unable to get comfort and aid in this country. An organization was formed in the United States called the Anti-Imperialist League, and for the last two years cooperated with Aguilardo's Tagal junta, with headquarters at Hongkong, to supply literature and materials of war for Aguilardo.

"President McKinley had no authority to buy out Aguilardo's rebellion, and the United States could not afford to do so. It was bound to the treaty (which was the supreme law of the land) to maintain law and order and protect the lives and property of all Americans in the islands. The army, and the expenditure of hundreds of millions of dollars to put down Aguilardo's rebellion. The anti-imperialists and the enemies of the United States both at home and abroad, made it their business to sustain this costly and expensive Congress, however, made all necessary appropriations, providing for the Executive, and maintaining the authority of the United States in the Philippines.

"The so-called anti-imperialists declared that the policy pursued by the government in doing down the rebellion and maintaining law and order in all territories of the United States without regard to the time when such territories were annexed, was that any use of the army to maintain law and order—however necessary—was 'militarism,' and that giving aid and comfort to rebels against the United States was 'maintaining the principles of the Declaration of Independence.'

"Bryan's unparalleled campaign for the principles of the Chicago platform and his insistence upon the adoption of that platform at Kansas City last summer, was supposed to have been conducted in 1886. In this, it seems, they were mistaken.

Bryan, when quoted Bryan's declaration of his intention, if elected, to call an extra session of Congress to give the Philippines freedom upon the model of Cuba. He also denounces the recent convention of anti-imperialists at Indianapolis. He also announced Bryan for promising to attempt to extend the Monroe doctrine to the Orient."

SANTA CRUZ DELEGATES.
CHOOSE TO TWO MEETINGS.

IA. P. NIGHT REPORT.
SANTA CRUZ, Aug. 20.—The following delegates were chosen to the Republican State and Congressional conventions: W. H. Galbraith, H. F. Kres, T. L. Lilliecrantz, D. H. Trout, H. S. Wanner, R. H. Pringle, H. C. Wyckoff, G. G. Radcliffe and I. H. Tuttle.

DEMOCRATIC ROW.
IA. P. DAY REPORT.

FRESNO, Aug. 20.—Van Meter, who was a member of the Political Control Committee, was stabbed this morning at 10 o'clock on J and Mariposa streets by Cliff Corview, candidate today for supervisor in one of the districts at the Democratic County Convention.

There were in a knot discussing politics, and Corview called Van Meter a liar. The latter attempted to strike him, but Corview made a movement as if to draw a weapon. It brought forth a hand-to-hand struggle. Van Meter got the best of it. The wound is said to be a dangerous one, and Van Meter has made an ante mortem statement. Corview is a member of the County Sheriff Paine, chairman of the County Populist Committee, being one of the group in the convention which precluded the Populists from the convention.

The stabbing was done with a four-inch-bladed knife, and Van Meter was wounded in the right side, just third and fourth fingers, the blade being divided, and the blade entering the lung cavity. The wound is a dangerous one, though not necessarily fatal. The man was seriously wounded, and was brought to town. It is feared he may die. Wallart took to the woods after the crime and has not yet been located.

The stabbing disgruntled

the county Populist convention, which adjourned until the afternoon.

MONTGOMERY COUNTY.

THE REPUBLICAN DELEGATES.
IA. P. NIGHT REPORT.
SALINAS, Aug. 20.—Complete return from Monterey county for delegation to the Republican State convention from the 10th Congressional District follows: Salinas, A. F. Abbott and B. G. Tognazzani; Pajaro, N. Hudson; Monterey, F. C. Michaelis and F. N. Hilby; Pacific Grove, E. B. Rich; Gonzales, S. W. Mack; Jonon, T. T. Tidball.

BRYAN'S TOPEKA TALK.

ALL READY FOR DELIVERY.
IA. P. NIGHT REPORT.
LINCOLN (Neb.), Aug. 20.—Bryan completed his talk in Topeka speech today. He put in the entire day in the car, thus preventing all interruptions. The speech will be only about half the length of the Indianapolis speech, and it will be a reply to the Populist nomination and the Monetary League Indians in the latter.

Bryan will go to Wahoo tomorrow to make a speech, and he will tomorrow night start on his way to Topeka, making stops en route. He will arrive in Topeka Wednesday. He made a statement, in part, as follows:

"The United States went to war with Spain, urged on by the Democrats. The popularity of the war was such that Mr. Bryan joined the army. The peace of the world and the peace of the United States agreed to pay \$20,000,000 and accept the sovereignty and public property of Spain in the Philippine archipelago. There was opposition to ratification of the treaty. Mr. Bryan came to Washington and presented his committee representing Topeka and the principal officers. All other committees, including the general State Committee, will meet Bryan at the Crawford Office.

The Committee on Programmes has been arranged, and special speakers will be present, including ex-Governor W. L. Leedy, L. D. Llewellyn and John P. St. John, J. G. Allen, John W. Breidenbach, John Madden, Sen. W. H. Harcourt, A. L. Ladd, O. T. Boas and Jerry Simpson, will meet Bryan at Atchison at 8:30 a.m., August 23, and accompany him to Topeka.

The local executive Committee will meet the party at the depot, and with the Topeka city troops will escort them to the Atchison Hotel, where Bryan will meet the Notification Committee representing Topeka and the speakers' stand, after Bryan's address. Bryan will leave on the Union Pacific train.

Peter Gets a Sore Stomach
and the Decision.

Grand Circuit Meeting—Saratoga Sport
Good—Baseball.

(A. P. NIGHT REPORT)

TRENTON (N. J.) Aug. 20.—Peter
Maher, the great defensive player,
colored pupil of Chicago, better
known as "Klondike," in the fifth round
of what was to have been a twenty-
round bout before the Trenton Ath-
letic Club. Maher received the decision
on a foul.

In the fifth round Maher floored his
opponent five times. The last time he
was knocked down Haines grasped Ma-
her by the legs and threw him. He
then crawled on Maher's stomach and
pushed him repeatedly.

GRAND UNION STAKES.

GOOD SPORT AT SARATOGA.

(A. P. NIGHT REPORT)

SARATOGA (N. Y.) Aug. 20.—Far
Rockaway won the second part of the
Grand Union Stake, after
a hard-fought race from Lady Schor, with
Longshoreman only one-half a length
away. For the first time in over a week
the track was in good condition and
the finish in the never event
was fast. The best finish of the day
was Far Rockaway's. Four started,
Hannockburn, Advance Guard,
Gonfalon and The Kentuckian. The latter
was a favorite, but the others, with
exception of Gonfalon, were also heavily
backed. The Kentuckian and Gonfalon
made all the pace, with the latter's
last showing in front of the others
giving a narrow margin. The winner was at
9 to 1.

King Bramble won by a length from
Liberator, in the mile and three-
sixteenths handicap. The latter was
disqualified for fouling. Alaske was
the runner-up, while the other two
were King Bramble, who was third at the finish, was
placed second, and Wait Not third.

McCue, who rode Lord Baltimore, was
made favorite; Lenape won. Results:

Four and one-half furlongs: Wall
Jenkins, third time 1:09.

Five furlongs, handicap: Col. Gay

GRAND CIRCUIT SPORT.

RACE FOR THE BLUE HILL.

(A. P. NIGHT REPORT)

BOSTON, Aug. 20.—There was every
incentive for good racing at the open-
ing of the grand circuit meeting at the
Beaufield track, this afternoon, for the
track was fast and a big field in each
event made the heats interesting. Al-
though two favorites lost, the winning of
the big stakes, the Blue Hill, by Jim
Burns and the fast pace of Gyp
Walnut, overcame all matters to every-
body's satisfaction.

Neither Burns nor Walnut had an
easy thing, for it took a heat to decide
the Blue Hill and four for the
purses. The race was won by Gyp
Walnut in straight heats, though Fred
Wedgewood was looked upon as a
favorite, while the three-year-old
trots, C. L. Larson, of Brooklyn, the
hottest favorite, was distanced at the
outset.

The interest centered in the big stakes
race, the Blue Hill, in its fifth renewal,
and eleven horses faced the starter.

All eyes, however, were on Annie
Burns, who had expectations im-
mediately by winning the first two
heats, although pressed hard in the
first by Middleway. Just after the
start Burns' horse, which had come
into the air and danced there until the
field was an eighth of a mile away, and
it became a race between the favorite
and the second, Middleway, at the
time. Middleway, who had gone through
the field and taken the lead, captured
the heat. The horses were held back a
bit by the jockey, and Burns' horse
ran inside the flag. The fast sprint, how-
ever, took so severely on her that
Middleway won the third heat, jogg-
ing up the wire.

The fifth heat settled matters, for
while Middleway took the lead at the
start and held it to the finish, Burns
and her jockey ran right at his heels
and simply beat him out. Gracie On-
ward passed Middleway at the wire.

AMATEUR BOXERS.

TOURNAMENT THIS WINTER.

IA. (A. P. DAY REPORT)

SAN FRANCISCO, Aug. 20.—The
Olympic Club intends to bring on one
of the greatest boxing tournaments
ever held in America some time this
winter. It has decided to bring together,
if possible, the champion amateur
boxers of Australia, England and
America to decide the world's amateur
championship in the bantam, featherweight, light, welter, mid-
dle and heavyweight classes.

Commissions will be sent to the bona fide
amateur athletic associations of Aus-
tralia and England, asking them if
they will send their best representatives
to compete in the tournament.

The men selected will have their ex-
penses defrayed.

Guarantees to the amateur stand-
ing of the contestants must accompany
each entry, as the club is determined

that no professionals shall gain en-
trance to the tournament. J. E. Sul-
livan, president of the American Amatuer
Union, will be asked to select the
New York boxers who will participate
in the contest.

THE CHINESE SITUATION.
Perhaps the most important development in the Chinese situation yesterday was the application of Earl Li Hung Chang, on behalf of the Chinese government, to the government of the United States, for the appointment of "Minister Conquer" or some other American official with authority to open negotiations for the establishment of peace and for fixing definite terms for the settlement of the present trouble. Minister Wu received the communication and immediately referred it to the State Department.

Earl Li, in his dispatch, expressed a willingness to conduct the negotiations at any point desired by the powers. Should his appeal be acted upon favorably, the place selected will probably be Peking or Tien-Tsin. Earl Li's appeal does not suggest any particular demand nor does it ask for the withdrawal of troops. Only that some measures may be found to bring about a cessation of hostilities. No action has yet been taken on the subject of Li's appeal.

Reports are conflicting as to the whereabouts of the Dowager Empress and her court. One dispatch says that they have fled from Peking and that the Japanese cavalry are in hot pursuit. Another is to the effect that the Empress and her treasure train, protected by 30,000 troops, have already arrived at Wu Tai San, in Shan Si province. Still another report declares that they are at Peking, shut up in the palace grounds, and that the troops protecting them are completely surrounded by the allied army.

Mrs. Anna Drew, wife of E. B. Drew, chief secretary of Sir Robert Hart, has authorized an emphatic denial of the authenticity of an alleged interview with her at San Francisco, in which she was made to tell harrowing tales of Russian cruelty at Tien-Tsin. "I can from my own experience during those terrible days of the siege of Tien-Tsin," she says, "speak only in the highest terms of praise of the Russian soldiers, who undoubtedly saved our lives on more than one occasion."

The gallantry of the Japanese troops, on the march to Peking and in the engagements in and about that city, is receiving praise from many sources, and from all accounts it seems to be fully deserved.

Feld Marshal Count Von Waldersee, accompanied by his staff, left Berlin yesterday morning en route for China, to take command of the allied forces.

A Washington dispatch to the New York Herald states that the President is considering the advisability of proposing to the powers "the organization of an international congress which shall sit in China and recommend to the several governments represented a permanent solution of pending questions. The President recognises," continues the dispatch, "that the future which Minister Conquer will be called upon to perform will be so exacting and arduous that it would be unfair to ask him to take the additional burden of discussing a method of the settlement of the matters in controversy; that Special Commissioner Rockhill will be too busily employed in obtaining information and in communicating with high Chinese officials to give time to them, and that direct negotiation between the powers is likely to prove unsatisfactory and give rise to complications which might otherwise be avoided. Talks with diplomats have indicated that their governments would be willing to join in a congress for the settlement of the Chinese question, and Baron Von Sternberg, the German chargé d'affaires in Washington, has been suggested as the representative of Germany."

One of the features of Washington life, these days, is the embassies and of-

fervent hopefulness of Minister Wu, who expresses the opinion that a speedy solution of all difficulties will be found, and that everything will be serene in the not distant future. Mr. Wu's smile since the fall of Peking is even more childlike and bland than is the habit of his countrymen.

THE REAL MEANING OF IT.
Did you ever stop and seriously consider just what this anti-imperialism means?

We let us recapitulate:
A year or two ago there was a war with Spain. Do you remember it? No one raised his voice against the government then; the anti was too scared of the enemy himself. But he has forgotten all that now. Well, after the war, there were left upon our hands a group of islands. We didn't want those islands, per se. Through a peculiar turn of circumstances we were obliged to take them. The administration met the situation unflinchingly as befitting an honest and unshirking government.

We didn't want those islands, per se. Through a peculiar turn of circumstances we were obliged to take them. The administration met the situation unflinchingly as befitting an honest and unshirking government.

Do you realize what it all means?

Right in the midst of our land people are lifting up their voices in open sympathy with an enemy who is firing on our flag.

These same people are asking that the government pull down Old Glory and swap away from a lot of mealy, ungrateful Tagalos who began war upon the Americans, even while they were hurrying over being emancipated from Spanish tyranny.

These same people (some of them) are known to have furnished comfort and encouragement to the enemy while other Americans were being shot down in the effort to bring order out of the state of outwifery that has existed in the Philippines.

You know what all this means?

Do you know what it would be called and what would be done to the offenders in a land where treason is more severely dealt with than here?

After all, isn't it a rather un-American and base thing to do? Wouldn't it be better to support your government and trust it to do the right thing, rather than give sympathy to the enemy and run the risk of treasuring your country at a time when it needs help, namely and otherwise, of every loyal citizen?

Don't you think it is a mighty scrawny dog under which to march?

Don't you think you had better get out from under it, rather than risk tarnishing your reputation as a patriotic and loyal American?

Americans, stand by your government, no matter if it be Republican, Democratic, Populist or Prohibition. Don't let politics so get away with your minds as to cause you to go into the enemy's camp in search of a campaign issue!

As recently as five years ago the idea that the United States should take a prominent part in the settlement of a great international dispute would have been sneered at by European diplomats, yet we may be sure that when the time comes to decide upon the disposition of the Chinese troubles the views of the previous year. It is believed that the total assessment roll for the Territory will reach the handsome figure of \$33,000,000, as compared with \$32,500,000 last year.

Citizens of Arizona are very anxious that the Territory should be admitted into the federation of States, and they present many strong arguments why this should be done. It is true that the population of the Territory is intelligent, progressive and law-abiding. Arizona has been much injured by stories of the "Arizona Kicker" which present a view of affairs that is as far from the actual truth as are the stories of Bret Harte in regard to the present social conditions in California.

There is little doubt that Arizona might have been admitted to Statehood, if not for the shortcoming of inexperience, the impersonation of which went on at the Orpheum last night. Just one more southerly, one more maze of ruffles, one more ha-ha-didn't-he-bit-the-woman-on-the-other-hand, it is about the brightest, shapeliest bit of work he has done, as far as I am concerned. They go a good deal, and when the hits come, the score is scored.

As a male fashion plate she is remarkable, and is one of the few, the very few, too dancers who have been able to score a hit. Her dancing is some amazing buck and wing dancing.

THE PUBLIC SERVICE: DOINGS IN THE LOCAL GOVERNMENT DEPARTMENTS.

EVENTS OF THE DAY.

A petition was presented to the Council yesterday, asking that some substitute be found for the cobble pavement in front of the central station on First street. The noise made by passing vehicles interrupts business in the place, it is claimed.

The Board of Freeholders sent a communication to the Council yesterday, asking the members of the city's legislative body to make suggestions regarding accessory changes in the present charter. It is thought the members of the Council, who have had much experience with the present charter, will be able to offer valuable hints.

A committee of eight directors of the Merchants' and Manufacturers Association met, before the Council yesterday to protest against the present ordinance providing for a scale of weights and measures.

Judge Shaw yesterday declared that Mrs. Lulu Shaffner, who is physically unable to care for her property, is incompetent. She will now begin habeas corpus proceedings against her husband, the five department. The engines, he says, reached the scene of the fire in two or three minutes after the alarm was sent in. Promises which he made to the fire department, the Los Angeles fire department responded promptly, and the incipient blaze was extinguished before serious damage was done.

The hall of Charles Hillson, charged with highway robbery, has been reduced from \$500 to \$250.

A committee of the oil and gas association incorporated yesterday.

Charles Grano is suing Mrs. E. Hickey for damages in \$1,000. He claims his suit was wrongfully owned by his husband and thereby lost \$50 in cash, which he had hidden in a safe.

Justice Morgan returned from his annual vacation yesterday and resumed his duties as Police Judge. A man who had been engaged in a misdemeanor case engaged his attention during the day.

AT THE CITY HALL RATTLE-TE-BANG.

Police Judges Object to Cobble Pavement.

Council Petitioned to Change the Surface of First Street.

Patience is a virtue that has long been cultivated by the City Justices at the Central Station. The noise made by vehicles in passing over the rough cobble pavement in front of the jail, has of late made it almost impossible to transact business in the courtrooms with quietude. The conditions have finally become so unbearable that the petition was presented to the Council yesterday, asking that the surface of the street be so changed as to afford some relief.

The petition is headed by those of Frank D. Hudson, Building Superintendent; W. C. Morgan and after them comes a long list of lawyers, clerks, stenographers, detectives, policemen and others, whose business leads them to the Police Court. In fact nearly everyone who is obliged to be about the courtrooms much of the time signs the petition.

It is an actual fact that about half the time legal procedure in the Police courts is interrupted by the racketeering of heavy wagons going either up or down the hill, or by the noise of the station was first built the conditions were not so bad. Then the First-street cut had not been made and the traffic was not so great. Now, however, the small amount that went from Broadway to Hill street by way of First. The vehicles were mostly light wagons or buggies and little trouble was experienced from them.

Since the cut was made conditions have been very different. Heavy teams go down the hill or running along up the incline, and the courtrooms, whose acoustic properties are execrable at best, catch up the sound and reverberations, and the reverberations make it almost impossible for the stenographer to hear what the witness is saying and the Justices have to stop proceedings until the din subsides.

The worst things that go up or down are the milk wagons. "Just one minute to go in a mile," they tell along the First-street cut in front of the station, and the patrol wagon comes dashing up the uniform width of eighty feet, fixing the assessors' eyes on the side of the street. The protest against the improvement of Cortez street, between Lake Shore and Belmont, was denied by the Board of Public Works, and the protest of withdrawal was made, leaving the protest without a majority of the frontage.

The petition presented yesterday describes the cobble stone pavement as unsafe and dangerous, and asks that it be replaced. It is the same route back to the western oil fields.

When loaded they go around, but after discharging at the depots, make the trip again, and when they strike the cobble stones the result can better be imagined than described. The noise is震耳欲聋, and the weight of tons in the bottomless pit. He that as it may, business stops pending their pleasure. Much time is lost in this way, and the public convenience breaks the third of the procedure.

When loaded they go around, but after discharging at the depots, make the trip again, and when they strike the cobble stones the result can better be imagined than described. The noise is震耳欲聋, and the weight of tons in the bottomless pit. He that as it may, business stops pending their pleasure. CLANS GATHERING. Republicans Plan for Campaign.

Members of State Central Committee Meet.

Programme of Los Angeles Democracy. Kicks Against "Push."

An executive session of the members of the Republican State Central Committee was held last evening at the office of J. W. McKinley, Esq., in the Bullard Block.

Several days ago Col. George Stone, chairman of the State Central Committee, sent to each of the local members a letter requesting that they make him available to speak over the plan of campaign in this end of the State. The place of meeting mentioned in the call was the Union League Club rooms, and the members assembled there, but as they desired to make their meeting executive, they repaired to Mr. McKinley's office. There were in attendance besides Col. Stone, Messrs. Arrington, Bouldin, Lewis, Arnold, Cross and Parker, representing Assembly districts 70 to 75, inclusive; J. W. McKinley and John S. Sluson of the Executive Committee of the State Central Committee; Chairman Bradner W. Lee and Secretary McGarvey of the Republican County Central Committee.

Probably the most important business transacted was the decision as to the manner in which the committee would to be done. There were two propositions before the State Central Committee. One was that of directing the work throughout the entire State from the headquarters in San Francisco, and the other was that of appointing a sub-committee for this end of the State to look after this local organization, and of course, assist the State committee and to relieve it of as many of the details as possible. The two propositions were discussed at length, and it was finally decided to have a sub-committee in this part of the State, as has been done in former campaigns. John Stone, the representative of the man of this sub-committee, and it was understood that his committee will consist of the several members of the State Central Committee within the particular district in which the work of the sub-committee will be done.

Then followed discussions as to minor matters, during which Col. Stone made some statements from the others present. The meeting continued in session until nearly 11 o'clock.

Col. Stone, after mentioning what the National Committee proposes to do for California in the way of sending delegates to the Democratic State and Congress conventions, said that he had written to the Western leaders here during the campaign, but there will be others who are well worth traveling miles to hear. One of them, however, is to speak to us to California for a tour of the State. He succeeded Nelson Dingley, and has already made arrangements for him to make representation as speaker and as a Congressman. Another man who is almost certain to come is Congressman Littlefield of Maine. He may be able to do anything, so well is he known. We propose to wage an aggressive fight from now until the polls close in November, and cannot we then fight for, for doubtless what the result will be, either in California or in the country as a whole?

CLUB GATHERINGS.

A largely-attended meeting of the Scandinavian-American Protective Club was held last night in the hall at No. 2394 South Main street. Thirty-two new members were admitted, and addresses were made by John E. Hermann, Emil J. Lind and others. The organization and the Scandinavian-Americans are taking an active interest in the campaign. It is expected that they will be the strongest factor in the campaign. The next meeting will be held on the evening of September 17, at the above address, and all Scandinavians are invited.

A called meeting of the El Dorado Latin Republican Club was held last evening and was well attended.

DEMOCRATIC PROGRAMME.

REFORMERS MAKING KICKS. Delegates to the Democratic State and Congress conventions from Los Angeles county will be selected practically in the same manner recently followed by the Republicans. The "reformers" in the local Bryan ranks organized in the Bryan and Stevenson Central Club, do not like the arrangement, and are holding frequent meetings to protest, but to avail. The official calls for caucuses, Assembly District conventions and precinct primaries were issued last night by Chairman R. W. Hill of the Democratic County Central Committee. State Chairman J. C. Sims has instructed the local Democratic leaders that delegates to the State convention cannot be chosen by the county committee, but must be chosen directly at precinct primaries set for August 25.

THE REFORMERS' KICK.

The local faction opposing the alleged "push" wished to have the county convention to which delegates were selected last night send delegations into Assembly district conventions and elect State delegates, but the Democratic State Law Committee has overruled that proposal.

CONVENTION DATES FIXED.

Precinct conventions will be held throughout the county next Saturday to elect delegates to the State and Sixth District conventions to be held in San Jose, September 6. Each precinct will have the same election date, and the State convention could not be held earlier, as the method of selection they proposed was not in accordance with the State law.

TO ARCADY.

In varying tones they make their plea. The young and old and worldly wise, cajoling, plaintive, wistfully:

"We fain would see Arcadian skies, Would live that wondrous life and free, Let us the way to Arcady."

But I—sing: "Though there must be many a path that winds its way, By hedge and woodland, dale and lea, To the land of Arcady."

I've but a single word to say: Wherever Phœbus treeds with me, The way leads straight to Arcady."

CUSTODY OF CHILDREN.

V. H. J. writes: A year ago I left California with my family for Canada, hoping to better myself. So far, however, from doing so, I could get no place to work, and so, all so in Thursday afternoon. The district will send nine delegates to the State and Congress conventions. The primaries on Saturday, will be held from 1 to 4 o'clock p.m.

PASADENA.

New Republican Headquarters
Nearly Ready.

Baptist Church Razed and Baptist
Edifice Projected.

PASADENA, Aug. 20.—[Regular Correspondence.] Under the direction of M. H. Ward, the rooms in the old hall, on the northeast corner of Fair Oaks avenue and Colorado, are being renovated and re-decorated, and in a few days will be used for use as Republican headquarters. The old stone rock which was used in the early days of Pasadena's assessment hall, will be occupied by the American Club, and a large rear room on the east will serve as an office for the new Republican Club, and for a reading room. It will also be used with campaign literature and news-papers. The rooms are to be decorated with the Stars and Stripes, and with pictures, and the dingy old walls, covered with dust many years, will be transformed into frescoes. A large sign, containing a portrait of President McKinley, draped in the national colors, will be hung on the front of the building Tuesday, and a smaller sign will direct the way to the entrance, which is on Fair avenue.

An active campaign is to be conducted in Pasadena this fall, and it is expected that the best speakers in the country circuit will appear in the city. The public meetings are to be held at the wigwam on North Raymond which is to be enlarged to a capacity of 1,500.

CORNER-STONE REMOVED.

With the removal of the cornerstone today the demolition of the first Methodist Church at the corner of Marengo and Colorado street came to an end.

The new church will be built on the site of the old one.

The cornerstone which had been placed there April 1, 1888, in the time of Bishop W. H. Miller, was removed yesterday.

The stones were twenty-eight books, documents, papers, and a quantity of coins.

The stones will be used to build the fund of the old church.

The stones will be placed in the cornerstone of the new structure.

The old church was completed a few months after the laying of the cornerstone, and was dedicated, free from debt, in 1890.

The Building Committee had the construction in charge.

The following men:

W. H. Miller, George E. C. Atchison, C. W. Roberts, and C. W. Buchanan.

Since Dec. 1, 1891, the church has been without a pastor.

In the morning of a recent day a wind swept over Pasadena, the steeple and bell-roof of the church and causing damage.

Other churches and buildings were blown down at the same time.

The Picturing was done by C. W. Buchanan.

Mr. W. H. Miller, pastor.

At Home Again.

J. O. L. Scott, chief deputy in the County Sheriff's office, has returned from a two weeks' vacation, pleasantly spent at Catalina Island. He is telling tremendous pictorial tales.

There is not a word of truth in the story that Mr. Scott McKeown is going on the stage. Mr. McKeown's attorneys say he will be able to square up all his debts within a few days, and will go East with his wife.

E. A. McCrory, a clerk in the emporium of Anderson & Chanson, grocer, was sent to the Receiving Hospital yesterday afternoon to have a painful cut on his left thumb sutured up. The injury was sustained while slicing ham.

Died Fingers.

Malvin Cheesman of No. 781 East Washington street, employed at the Capitol flour mill, got the first two fingers of his right hand severed in an accident this morning. He was sent to the Receiving Hospital this afternoon for treatment.

Saved Pickanomy.

A. L. Jones of the City Engineer's office, sustained a diminutive pickanomy whose home is at No. 732 Colorado avenue, was picked up and sent by the police at the request of his parents. Early yesterday morning his mother sent him on an errand. He strolled away that long, playing with the children that he was afraid to go home. The youngster had had nothing to eat since morning, so he was turned over to the chief.

Placed to the Floor.

A. L. Jones of the City Engineer's office, sustained a diminutive pickanomy whose home is at No. 732 Colorado avenue, was picked up and sent by the police at the request of his parents. Early yesterday morning his mother sent him on an errand. He strolled away that long, playing with the children that he was afraid to go home. The youngster had had nothing to eat since morning, so he was turned over to the chief.

Raid Commissioner Coming.

Congressman R. J. Waters is making an effort to induce Hon. Binger Hermon, United States Senator, on his return, who is en route to the West, to visit this city during his trip.

Mr. Waters will communicate with him at Albuquerque, and the committee will make all necessary arrangements to escort him to San Gabriel forest reserve for the purpose of showing him the damage caused by the recent forest fire, and the necessity for better protection of that district.

A Very Old Bride.

John H. Neigen has placed on exhibition at the Chamber of Commerce one of the most interesting volumes which has been in existence for a long time. It is a German Bible printed in 1624, and is therefore 24 years old. The print is remarkably good, and the book is bound in leather, with gold tooling, on many books of the present day. The volume is bound in heavy leather, with heavy gold tooling, and clasps. The excellence of the illustrations at once attracts attention.

Will Teach in New Mexico.

Prof. David L. Arnold of No. 111 South Hope street, has resigned his position in Foundation, except the chair of Mathematics at the New Mexico Normal University, at Las Vegas. Prof. Arnold graduated from the University, age 21, a year after he filled the position of instructor in mathematics at that institution. He afterward spent two years in Germany, and then came to Los Angeles. Accompanied by his wife, he will leave for his new field of labors about October 1.

A Youthful Traveler.

Miss Ella D. Thompson, aged 11 years, has traveled through the country on her route to the home of her grandparents near San Diego, having made the trip from Boston alone. She was placed in charge of the conductors on the various divisions over which she traveled, and from them received every attention. She had letters from friends to show for her welfare, and they seemed to have done so, for she made the trip in five days, showing that she had missed no time.

Frank Wiggin's Arsenal.

Secretary Wiggin is no longer afraid to walk the streets alone at night, but is now ready to try conclusions with any highwayman who ever preyed upon the public. He has had a pistol and has secured a pistol of a pattern calculated to make any person whom it is pointed drop dead on the spot. He has wired to the mayor of the city to the Chamber of Commerce yesterday and placed it in Mr. Wiggin's private office. It is a six-shock hand pistol of the kind used in the war of 1812 or before. It looks like a small sawed-off shotgun.

Will Visit Los Angeles.

The Railroad Commissioners of Alabama will visit Los Angeles the first part of September. The party will come in a private car and are to be the guests of the railroads. One of the members will be G. W. Kelly, a traveling passenger agent of the Southern Pacific, arrived here yesterday and found waiting for him a telegram to say to meet the party on its return trip to Alabama, his home being at Montgomery. He is accompanied by his daughter, Miss Kathryn Ely, an ex-staying at the Hollenbeck Hotel.

Working an Old Game.

A vegetable peddler who drives a white horse has been working the old spectacle game on residents of the northern part of the city. His aim is to mention casually to a housewife after displaying his vegetables that he has just found a pair of second-hand spectacles on the street, and having no use for them, he is willing to sell them for a small sum. The price is usually so low that when a rich gold-toy would cost more than the glasses, and not infrequently a housekeeper snaps up a supposed bargain. The spectacles are worth 25 cents, and the rims are of some base metal, and the peddler has an unlimited stock of them.

Tramway Street Sprinklers.

It is probable that a new style of street sprinkler will soon be introduced here—that is, new for this city,

but quite common in the East. It is a large tank mounted on a carriage, trucks and propelled as a street car. From this tank swings a long pipe, which, when the tank is on the track, can be moved at will by the operator. It is perforated throughout, and in sprinkling it is extended over the pavements, so that all the cars on a street go at full speed. In this way a street is much more quickly and evenly wet than by the use of sprinkling carts. Another advantage is that the tramway sprinkler covers more areas.

NEWS AND BUSINESS.

The edition de luxe of the Midwinter Number of the Times, printed on fine paper, with beautiful illustrations, is the most complete, as well as the most expensive, publication in California yet issued. Copies may be seen at the Times business office, or at any of the leading book stores. If you would like to have this especially beautiful and complete publication what you are seeking. Nothing in the world compares with it.
